

Portlight Relief Walk

When:

Where:

What & Why:

Portlight Strategies is holding a series of Relief Walks to help support our disaster relief efforts...

Since 1997, we have provided medical equipment to people with disabilities free of charge. We are also actively involved in post disaster relief for the outlying communities that are often forgotten by the major relief organization...

Our modest budget is raised exclusively from individuals and small businesses...Your participation in the spring Walk will help us continue our relief efforts and allow us to be prepared for a proactive response for future efforts...

Portlight Strategies is a 501c3 non profit which provides relief to the forgotten and outlying populations in the wake of natural disasters. Portlight delivered over \$500,000 worth of equipment to people with disabilities and outlying communities that were impacted by Hurricane Ike. With your help we can continue our disaster relief efforts!
